Sub: Research Journal of Engineering & Technology and Science – reg.

Dear Sir/Madam,

As you are aware, National Education Policy (NEP) 2020 is focused on holistic education inculcating self-confidence, motivation to build, learn, innovate and incubate. Both quality and relevance are the objective of this proposed holistic education. It is desirable that graduates of technical institutions / colleges are motivated to provide innovative technology-enabled solutions for the societal problems faced in day to day working. It is also desirable that they attain competence in writing their innovative ideas and research in an Indian Language that may benefit entrepreneurs in MSMEs and people at large as well as derive global acclaim.

As AICTE is always promoting use of Hindi (हिन्दी) and regional languages in technical education, a UGC-CARE listed peer reviewed Research Journal ISSN: 1549-523-X VIGYAN PRAKASH: Research Journal of Science and Technology [विज्ञान प्रकाश: विज्ञान एवं प्रौद्योगिकी रिसर्च जर्नल] publishes articles in the areas of Engineering and Technology and Science's (Physics, Chemistry, Mathematics, Bioscience, Medical Science, AYUSH, Management science, Agriculture and Environment), in Hindi (हिन्दी).

The selected peer reviewed articles are published free of cost in this journal. All the researchers engaged in Publishing articles are requested to visit the website www.VigyanPrakash.in to take benefit of the articles already published in this journal and also send their manuscript for consideration of publication in the same which may be originally written or *trans created* in Hindi / Indian Language and design Ideas may also be included.

Best Regards,

(Prof. Rajive Kumar)
